

mydlink™ Home

Siren

with optional battery back-up¹

Loud audio alarm to warn you
when your mydlink Home sensor is triggered

Siren with battery back-up¹

The mydlink™ Home Siren is a smart audio warning device with 6 different sounds built-in. It's easy to set up and manage with the mydlink Home app⁴, and connects to your router via the mydlink Home - Connected Home Hub². It works with other mydlink Home sensors, such as the Battery Motion Sensor or the Door & Window Sensor, to provide a loud audio warning when motion is detected or a door is opened³. Whether you are at home or away, push notifications will alert you whenever the Siren is activated. mydlink Home enables you to create a smart home without complicated set up, installation costs or monthly subscription charges.

Peace of mind

Instant audio alarm, with volume up to 110 dB, when a linked mydlink Home Sensor is triggered³.

6 different sounds

Equipped with six different sounds: door chime, arm/disarm, intruder alarm, fire alert, ambulance and police car sounds, you can customise your smart home by selecting the appropriate sound effect or alarm whenever a different event occurs.

Set up, control, monitor and protect your home

The mydlink Home - Connected Home Hub acts as the link between your existing Wi-Fi network and all mydlink home devices.

Easy to Set Up

App

Download the free mydlink Home app⁴, follow the simple setup instructions

Mount

Mount the Siren with the included mounting bracket in the desired location

Loud audio alarm

Up to 110 dB to warn you instantly when a linked mydlink Home Sensor³ is triggered.

6 different siren sounds

You can customise your smart home by selecting the appropriate sound effect or alarm whenever a different event occurs.

Optional Battery back-up¹

Allows the siren to continue to operate if there is a power cut.

Do-it-yourself

Easy to set up and manage with the mydlink Home app.

Secure

Tamper-proof and supports AES128 bits encryption.

Push notification

Receive instant alerts on your smartphone and tablet.

Your mydlink Home

mydlink Home allows you to start with a single smart device and add more when you want to. The unique mydlink Home App for iOS and Android smartphone and tablet gives you control of all your other mydlink Home devices. You can even set up automation rules to make your home smarter.

No hidden charges. Seriously.

Complete your mydlink Home

Why not add a **Door & Window Sensor (DCH-Z110)** to detect when a door or window is opened
...or add a **Battery Motion Sensor (DCH-Z120)** to detect motion in your home
