# XYZprinting 3D Scanner

Recommended Retail Price: € 229

## Body Mode now available

Our XYZprinting Handheld 3D Scanner now has three scanning modes: Head, Object, and Body, all available in the updated version of XYZscan Handy. The maximum scan volume reaches 100cm (D) x 100cm (W) x 200cm (H).

## RealSense, Real Powerful

Powered by Intel® RealSense™, the XYZprinting 3D Scanner is swift at both scanning and processing. The Scanner works by holding it at a distance of 15cm to 25cm. As you move the Scanner across the object, it 'sees' an area of 10cm to 70 cm at a time.

## Scan with ease

The XYZprinting Handheld 3D Scanner has a compact and light design which allows you to move it around the desired target for scanning with ease. No large, complicated equipment required!

## Take it wherever you go

Use the clip on the back of the XYZprinting 3D Scanner to attach it to a tablet, laptop, or any of your favourite devices for increased portability.
