Silent Click

Up to 9 months battery life

Wireless Ergonomic Mouse

EV250

EV250 wireless mouse is designed with a focused consideration of comfort and long-term usability. Its elegant design with stylish, streamline curves, makes it easily fit within any working environment. Thanks to its shape, this mouse is the perfect ergonomic fit and helps prevent wrist strain and pain related to computer use for longer timeframes daily.

Navigation is made easy thanks to the adjustable 1600 DPI sensor and the mouse offers further convenience thanks to the Silent Click feature. To top it off, the battery lasts for up to 9 months. The supplied Nano USB receiver can be stowed conveniently in the base of the mouse.

▶ Reliable 2.4 GHz wireless connection

Carefree wireless: The proven advanced 2.4 GHz standard offers you a range of up to 10 m and 360° coverage.

▶ Vertical ergonomic design

Enjoy superior comfort: whether you already have wrist strain and pain complaints, or you are simply looking to upgrade your working environment with a superior tool, EV250 is a reliable choice. Its fully ergonomic and vertical shape also contributes to better posture while sitting for longer.

▶ Adjustable 1600 DPI HD sensor

Enjoy total control: with the adjustable DPI sensor, accuracy is no longer left to chance. Adjustable to fit different needs, you can adapt it to match your preference.

▶ The sound of silence

Click all you want: The silent mouse switches allow you to use your mouse freely without disturbing others. This mouse is perfect for late night projects at home, use at public places and while traveling.
