

Optical Mouse

N500 Silent

Adjustable 3600 DPI sensor

Easy installation

Optical Mouse

N500 Silent

N500 Silent Boasting a simple full-size design, this mouse is very easy to use. Just plug-in the USB cable and you're good to go: no drivers, installation or setup needed. The classic design is boosted by a 'silent click' feature, which gives you freedom and peace of mind since disturbing those around you is no longer a concern. The adjustable high-performance DPI optical sensor offers a smooth and

accurate mouse- pointer for longer timeframes daily. Navigation is made easy thanks to the adjustable 3600 DPI sensor. To top it off, this mouse is very easy to use, no driver or setup needed, just plug it in a USB port and you're good to go.

▶ Adjustable 3600 DPI sensor

Precise down to the last pixel: with the adjustable DPI sensor, accuracy is no longer left to chance. Adjustable from 800 DPI to 3600 DPI, you can adapt it to match your preference.

▶ Easy installation

Plug and play: No driver or setup needed. Just plug it in an USB port and you're good to go.
