Keyboard
N2400

The N2400 is the ideal entry-level keyboard: Quality components and fantastic build quality at a fair price. Thanks to its smart choice of materials this keyboard is protected against splash damage, so you can enjoy a refreshing beverage relatively risk-free while you work. The sealed membrane protects the internal circuits from oxidization damage, increasing the keyboard's life. The keyboard is also incredibly easy to use: No drivers, installation or setup needed. Just plug it in and you're good to go.

▶ **Spill-resistant design**
Drinks allowed on your desktop: The clever design and the choice of materials protect the keyboard against splash damage.

▶ **Sealed anti-oxidation membrane**
Better safe than sorry: The sealed membrane extends your keyboard's life. It prevents oxidization of the internal circuits, minimizing the risk of key defects.

▶ **Easy installation**
Plug and play: No driver or setup needed. Just plug it in a USB port and you're good to go.
